Ira Leesfield, President
Leesfield Family Foundation
2350 South Dixie Highway
Miami, FL 33133

Dear Mr. Leesfield:

Your ongoing support of our efforts to feed and sustain the people of Ukraine and bordering countries assisting refugees has been received through six separate wire transfers over the past few months. Our appreciation to the *Leesfield Family Foundation* and its specific program to match all contributions up to \$250,000 has made a big difference to those of us on the ground in Ukraine, as we lift the spirits and nutrition of millions of families.

The funds have been utilized in so many of our programs, including building the largest food relief operation in Ukraine, reaching over 230 cities and towns. To date, we have served over 30 million meals. With 4,300 team members and volunteers, we are cooking in restaurants, stocking warehouses, delivering meals, and driving trucks. We work tirelessly to provide nutrition to feed families in need. A video of this work can be seen by clicking [HERE](#).

With your ongoing help, we will continue our work as long as the people of Ukraine need us. In the words of our leader, José Andrés, "Every day I see the unity and spirit of the Ukrainian people and that is worth celebrating! We will keep fighting to ensure a plate of food is the start of a better tomorrow..."

We understand and appreciate that you have reached out to over 125,000 potential donors and the response has been generous and enthusiastic. Please, keep up your efforts and we will do everything possible to ensure the surviving people of Ukraine have access to meals every day. We salute their resilience and courage, as they fight for democracy and their independence.

The work of your Foundation is well known and appreciated by all of us here and in the States. We look forward to working with you in the future.

Sincerely,

A handwritten signature in black ink that reads "Nate Mook".
